

Prayer Requests

1. Please pray for the teachers who are serving children at the Eastern Archipelago. May they continue to be excellent at their work, leading children to know their purpose in God. May Mustard Seed's teachers promote love, stability, and peace wherever they serve.
2. Please pray for Papuan children and their parents. May God help them prioritize their children's education, that they would value their daughters just as they do their sons.
3. Please pray for peace and unity in Papua. May all dark powers that try to steal peace and kill harmony between the tribes be gone in God's powerful name.
