

## **Prayer Requests**

1. Please pray for the Northeastern Team in their first year of serving. May they adjust well with the children they serve, the local government, local teachers, and the community.
2. Please pray for the development of the boarding school initiated by the local government. May the model of Christian Education bring a positive change to the entire island.
3. Please pray for unity and peace amongst our partners, teachers, community, and the local government of the Archipelago, so they can put priority on serving and ministering to the children and their well-being.
